

Accessing and Using OneMine® – A Member Benefit for ISEE

OneMine® is an online library of articles and peer-reviewed journals, updated weekly, relating to explosives engineering. As a member of the International Society of Explosives Engineers, you have access to OneMine®, a well-regarded resource by the scientific community.

How to Access OneMine® –

- Visit the ISEE website.
- Click "Login" at the top right corner of the webpage.
- Enter your International Society of Explosives Engineers membership login credentials.
- Select Member Benefit - One Mine® – the option on the right.
- You will be directed to OneMine®, where you will be logged in as an ISEE member.
