The Bench (formerly known as the Demonstration Stage)

Join us at the new and improved Demonstration Stage to view live demos!

“The Bench” provides a platform for exhibitors to showcase and share techniques, strategies, and product innovations in front ISEE 2023 Conference attendees. A live presentation that guarantees exposure for your latest products and services some of the world’s leading experts in blasting, drilling, vibration, and government affairs. Don’t miss out on valuable opportunities to get noticed and reach industry professionals. The goal of “The Bench” is to provide an outlet for companies to target their audience in a unique and informative way.
