

MCAM HOSTS FIRST SEMI-ANNUAL EDUCATION WEEK – MCAM Education Week a Resounding Success!

The Board of Directors of the Mechanical Contractor Association of Manitoba took a risk organizing a full slate of work shops, tours and presentations for its first Semi-Annual Education Week. The Education Committee supported by the Board was committed to providing the MCAM Membership quality educational options, with out the extensive travel costs and time away from work, that Industry conferences dictate.

With over 555 hours of programming and learning, MCAM membership realized significant gains in knowledge. The week provided learning opportunities for every employee group of our member companies from owners, to estimators, project managers and service technicians. The week ended with a governance session for our Board of Directors, Next Gen Committee and at large committee members to ensure their understanding of governance allows for the association to run at its greatest potential.

Topics ranged from four Gold Seal accredited courses by Jim Bain:

- **Old Enemies – New Partners: Managing Your General Contractor**
- **Money, Money, Money: Principles of Construction Finance**
- **Double Your Bottom Line! – Improving Construction Productivity**
- **“I Don’t Have Time” Is a Lie!**

Above - Rick Korving from Randall Plumbing and Heating and Ramona Coey, Executive Director of MCAM, in front of full parking lot of MCAM Member Service Vehicles!

Right – A full classroom of service technicians

To an entire Day dedicated to Front Line Staff and Service Technicians by Christine Paquette and Kathy Davies:

- **PRESENCE: The “YOU” Who Enters the Room**
- **Improving Service Documentation**

A Day Dedicated to Innovation:

- **Impairment (Cannabis) and Workplace Safety**
- **Bitcoin, Blockchain and Smart Contract Technology**
- **Tour of Red River College, Skilled Trades and Technology Center**
- **E-Commerce Presentation by Wolseley Mechanical**

Left - MCAM Members and Red River Staff and Mechanical Engineering Technology Students listen to Wolseley Mechanical E-Commerce Presentation.

Right – Pat McMahon (Wolseley Mechanical) during MCAM Tour of Red River Trades and Technology Center.

Wrapping up the week with a Board Professional Development Opportunity:

- **Board Roles and Responsibilities**

MCAM FALL EDUCATION WEEK THANK YOU

Thank you to our generous sponsor's that contributed to the success of our first semi-annual Education Week! Without the generosity of these companies and support from our membership make growth and success of MCAM possible! We look forward to bringing valuable, educational courses to Manitoba for our membership in the upcoming Spring and Fall education week of 2019.
