

MCAM NEXT GEN SCOTCH TASTING - NETWORKING AND EDUCATIONAL EVENT

The MCAM Next Gen committee held their first networking event, Thursday November 8th! It was a great success, with 28 attendees under the age of 35 years old from both contractor and association MCAM member companies! The evening was sponsored by new MCAM associate members Duboff, Edwards, Haight and Schachter, who provided a presentation on legal topics and trends relevant in the construction industry. Topics of interest such as liens, claims, labour, employment matters, and cannabis in the workplace were discussed. Sommelier Darren Raeside walked the Next Gen group through six rare scotch accompanied with creative sandwich's from King and Bannatyne.

Roger Phaneuf, *MCAM Past President*
