PRESENTED BY:
TERESA LEVISAY, PE, AND LAURA HILL, PE

ABOUT THE PRESENTERS:

Teresa Levisay, PE, is currently a Principal Engineer in ECS Mid-Atlantic's Chantilly, VA, office. She has more than 13 years of industry experience and holds both Bachelor and Masters degrees in Civil Engineering from Purdue University. Ms. Levisay oversees the geotechnical group for our Fairfax County team as well as serves as the Special Inspections Engineer of Record (SIER) for construction testing projects. She has a wide range of project experience, from single story shopping centers to large multi-story structures.

Laura Hill, PE, is the geotechnical department manager for the Charlotte, NC, office of ECS Southeast, LLP. Ms. Hill has been on the ECS team since 2011, and her expertise includes geotechnical, laboratory and materials testing and management of the material testing and special inspections for projects during construction. She received her Bachelor of Science in Civil Engineering from Clemson University.

ABOUT ECS:

Engineering Consulting Services (ECS) is one of the largest and most rapidly growing engineering and consulting companies in the US. Founded in 1988, ECS is a leader in geotechnical, environmental, construction materials and facilities engineering. We are currently ranked 69 in Engineering News-Record's Top 500 Design Firms (April 2020) and 52 in Zweig Group's 2020 Hot Firms (June 2020).
