FOR IMMEDIATE RELEASE

# ChemTec Pest Control Earns 2018 Angie's List Super Service Award

*Award reflects company's consistently high level of customer service*

New Jersey – (January 24, 2019) – ChemTec Pest Control is proud to announce that it has earned the home service industry's coveted Angie's List Super Service Award (SSA) for the 6<sup>th</sup> year. This award honors service professionals who have maintained exceptional service ratings and reviews on Angie's List in 2018.

"Service pros that receive our Angie's List Super Service Award represent the best in our network, who are consistently making great customer service their mission," said Angie's List Founder Angie Hicks. "These pros have provided exceptional service to our members and absolutely deserve recognition for the exemplary customer service they exhibited in the past year."

Angie's List Super Service Award 2018 winners have met strict eligibility requirements, which include maintaining an "A" rating in overall grade, recent grade and review period grade. The SSA winners must be in good standing with Angie's List and undergo additional screening.

"We have a great crew here at ChemTec. Our folks are very passionate about solving pest problems and making sure our customers have the confidence that they can relax, that we will make their homes safe again, said Mary Vongas, ChemTec's President. From the moment the phone rings through the visits with our licensed pest professionals in the field, our aim is to take the worry and stress off of the customer. Our folks have worked hard to obtain this sort of honour again this year; we understand that awards such as this do not come about by accident, but by commitment, focus and concern for the customer," added Vongas.
