

Leadership in Protecting Ontario's Workers

WE BUILD  NTARIO
ONTARIO GENERAL CONTRACTORS ASSOCIATION

Construction leaders understand that they must continually update their approach to support a safety culture. Our annual Leadership Day provides you with the information you need to navigate the changing safety climate, and to effectively manage your safety program.

COR 2020 is now available for you to update your program and accredit your company under the new SOSE program. The Minister and CPO will both discuss the opportunity you will have as an accredited company.

You will hear how the WSIB will now provide financial incentives to both accredited companies and those whom participate in the new Health and Safety Excellence Program.

Our second focus is on your management of your company's mental health and fit for duty program. The IHSA will present the findings of their Cannabis use study and Substance abuse professional Julian Toy will help you develop an effective fit for duty program.

We encourage construction leaders and their safety professionals to join us and participate on March 1st

Tickets for this event are \$25
