

Leadership in Protecting Ontario's Workers

WE BUILD  NTARIO
ONTARIO GENERAL CONTRACTORS ASSOCIATION

OGCA and IHSA Presents our Annual Leadership Conference sponsored by 4S Consulting Services.

2020 presented the construction industry with our most significant health and safety challenges to date. OGCA, IHSA and the League of Champions have focused on providing the construction industry with the information and tools to manage the COVID-19 pandemic. Despite the extreme challenges, our industry has successfully remained open and continues to keep workers safe.

Construction leaders have the policies, procedures and PPE in place, but the pandemic's challenges require leadership to ensure it is effective. Industry leaders join government, industry associations and sponsors to bring insights, tactics and industry-leading best practices.

This year's Online conference will provide the important information you need. Presentations include two panel discussions of your peers, specifically designed to offer insight in managing projects during COVID-19, and the leadership and strategic direction needed during this difficult time.

Please join us this March for this free series.
