

## **Municipal Exterior Flatwork Certification Course – 1 Day**

Concrete Ontario is pleased to be offering the Municipal Exterior Flatwork Certification Course. This course is tailored to showcase the best construction practices associated with Ontario municipal concrete sidewalks, curbs, gutters and pavements. To pass this course, individuals will have to demonstrate a comprehensive knowledge of placing, consolidating, finishing, edging, jointing, curing and protecting municipal concrete sidewalks, curbs, gutters and pavements. The course is fully based on the current Ontario Provincial Standard Specifications (OPSS), the national CSA Standards and local projects.

**Windsor – March 21, 2013 – [Register](#)**

**Ottawa – April 11, 2023 – [Register](#)**

**Mississauga – April 25, 2023 – [Register](#)**
