

Hand Sanitizer

Emterra Hand Sanitizer helps kill germs and stops the spread of harmful bacteria. Made from reclaimed beverages, this recycled product offers users a safe, effective and environmentally-friendly sanitizing solution that supports a circular economy.

YOUR NEEDS

As a circular economy product, Emterra's Hand Sanitizer may help your organization meet your green procurement requirements. We are also certified as a diverse supplier.

Health Canada approved and formulated to the World Health Organization standard.

Once your order is placed, we schedule your delivery.

Through our Community Care™ program, Emterra is proud to supply free hand sanitizer to front line and essential service workers.
