

2022 IPEC Poster Fair

IPEC
interprofessional Education Collaborative

TUESDAY
NOV 29

TIME
4-5 P.M. ET

LOCATION
VIRTUAL

CALL FOR POSTERS

DEADLINE

19th
October
2022

A free online event, the 2022 IPEC Poster Fair seeks to stimulate conversations around experiences trying out and implementing interprofessional education for collaborative practice (IPECP) initiatives.

IPEC invites submissions relevant to IPECP, which address, but are not limited to, the topics below. IPEC also welcomes work that has already been seen in other places, but would be of great interest to the larger IPE community.

Presentations will be peer-reviewed, and an IPEC award will be presented for the best poster(s). The winning poster(s) will be featured on the IPEC website, and winners will receive a discount on a future IPEC Faculty Development Institute registration.

Submit today at www.ipecollaborative.org/call-for-posters

POSTER TOPICS

- ✓ IPE curriculum design
- ✓ interprofessional clinical learning experiences
- ✓ simulation-based IPE
- ✓ integration of climate change content
- ✓ interprofessional research and scholarship
