

# FREE 3 PART WEBINAR SERIES

## RECYCLED ASPHALT PAVEMENTS (RAP)

### PART 2: MIX DESIGN & LABORATORY PERFORMANCE TESTING

Presented by:

**Scott Quire,**

Bluegrass Testing Laboratory

#### In this webinar attendees will:

1. Review of design considerations as RAP percentages increase
2. Learn about the approach to mix design methodology for RAP mixtures
3. Performance testing of asphalt mixtures with RAP
4. The plant considerations for asphalt mix production at various levels of RAP utilization

OCTOBER

7

3pm EDT

1 hour of PDH credits for  
professional engineers  
will be provided  
with training
