

# Designing a Perpetual Pavement

**FREE Webinar**

**August 25/2:00 PM EDT**

This webinar will discuss material selection and mixture design to optimize Perpetual Pavement performance, discuss current perpetual design practices, and present best practices for construction of high quality, high performance pavements.

Speaker  
**David E. Newcomb,**  
**P.E., Ph.D.**  
Consultant

## **PARTICIPANTS WILL:**

- 1** Learn the chief advantages of Perpetual Pavements
- 2** Be able to describe the functions of the various material layers in Perpetual Pavements
- 3** Understand the principle design features of Perpetual Pavements
