

Field Exams

2023 **SPRAYFOAM**
Convention & Expo

DAYTONA BEACH, FL ▶ FEBRUARY 12-15

The PCP Field Exam is an over the shoulder evaluation which is required for SPF Master Installer Certification. For more information: sprayfoam.org/pcp

If you are interested in pursuing the PCP Master Installer Certification - don't miss this opportunity. Take advantage of the Florida sunshine and warm temperatures, donated equipment and materials, and convenient mock-up to take both insulation and roofing field exams in one day.

IMPORTANT NOTE:

It does not matter which order you meet the certification requirements. You can take the Master Installer Field Exam first and then complete the other requirements at your convenience. You need to successfully complete all requirement in order to become certified.

Candidates can choose to do any one of the following:

1. SPF Roofing Field Exam
 2. SPF Insulation Field Exam
- Or
3. Candidates can take BOTH Insulation and Roofing Field Exams to meet the requirement of becoming PCP Certified Master Installers in both areas.

MASTER INSTALLER ONLY

Field Exams Demonstrate Abilities

The SPF Insulation and Roofing Field Exam covers critical task areas of abilities that each candidate must have in order to pass. Each area of the examination is weighted based on importance. The Field Examination shall provide proof of the SPF Master Installer's ability to manufacture quality open and/or closed cell foam or roofing foam in place.

Field Exam Prep

To prepare for your Master Installer Field Exam, review the Field Exam Form. The form gives you each task you will be required to demonstrate.
