What is a Field Exam?

The PCP Field Exam is an over the shoulder evaluation which is required for SPF Master Installer Certification. For more information: www.sprayfoam.org/certification

If you are interested in pursuing the PCP Master Installer Certification - don't miss this opportunity. Take advantage of the Florida sunshine and warm temperatures, donated equipment and materials, and convenient mock-up to take both insulation and roofing field exams in one day.

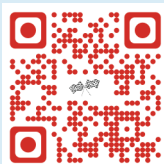

IMPORTANT NOTE:

It does not matter which order you meet the certification requirements. You can take the Master Installer Field Exam first and then complete the other requirements at your convenience. You need to successfully complete all requirement in order to become certified.

To Register for Field Exams, [click here](#) or scan the QR code with your app.

Already enrolled in PCP? Great - No Fee
New to PCP? One time registration fee required.

- SPF Roofing Installer
- SPF Roofing Project Manager

MEMBER PRICING

- \$250 for each PCP Exam Prep Course
- Non-Member pricing available on website.

Combined Exams for Contractor Certifications (Electronic version only - Paper exams not available)

You no longer need to take multiple, individual exams for the higher levels of certification. We now have combined exams so you can take the exam for the level of certification you are seeking. The combined exams are longer and test on the same subject areas as the single exams. You must pass the entire combined exam to meet the certification requirements.

The combined exams are for those who have not yet taken any level of PCP contractor certification exams. If you already started in the PCP taking single exams, you can continue to do that.

The combined exams are made up of "parts". For example

2 part Installer Combined Exam =
Assistant Written Exam+Installer Written Exam

3 part Master Installer Combined Exam=
Assistant Exam+Installer Exam+Master Installer Exam

These new exams will save you both time and money! The following combined exams are now available for SPF contractors:

AVAILABLE COMBINED EXAMS:

INSULATION

- SPF Insulation Installer (combined) (2 part exam)
- SPF Insulation Master Installer (combined) (3 part exam)
- SPF Insulation Project Manager (combined) (4 part exam)

ROOFING

- SPF Roofing Installer (combined) (2 part exam)
- SPF Roofing Master Installer (combined) (3 part exam)
- SPF Roofing Project Manager (combined) (4 part exam)

MEMBER PRICING (for Combined Exams)

- Installer Combined Exams - \$250
- Master Installer Combined Exams - \$300
- Project Manager Combined Exams - \$350

NOTE: Each part of a Combined Exam will be allotted 2 hours. You may take all parts in one day or you may split them over the course of the Sprayfoam Convention.

CONVENTION DISCOUNT

\$125 OFF the registration for SPF Assistant Automated Course (Discount applies to both English and Spanish)

**You can use the convention discount immediately and either take the Assistant Course NOW (before the Convention) so you'll be prepared to take the exam when you are in Daytona. DISCOUNT CODE: [KRKM125](#)
