

Consortium Representatives,

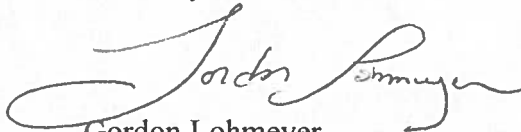

We want to thank you for such a successful inaugural year for the Texas Fire Service Hall of Honor Lifetime Achievement Award. In its first year, four very deserving inductees were recognized and in a few short days the Hall of Honor Wall, the permanent recognition of those inducted, will be opened to public viewing during the ribbon cutting ceremony for the Les Bunte Jr. Administration and Training Building here at Brayton Training Field. We would invite you to join us on July 6th at 10am to see our latest addition.

It is time for the Selection Committee to reconvene in preparation for the 2024 selection process. In a review of last year's process, a few key points were identified to improve the process. One of which was to move up the nomination submission deadline to the first week of August rather than the last. This will increase the time available to make preparations after the Selection Committee has acted. We would like to invite each of the 7 member agencies/associations of the Consortium to submit their representative for the Selection Committee no later than July 14th. Please provide their name and contact information to TXHallofHonor@teex.tamu.edu.

Attached you will find an updated Business Manual for the Hall of Honor Program. In the coming days, we will publish this on the Hall of Honor website for public reference.

As the designated host Agency for this prestigious award, we are honored to help coordinate this effort and look forward to working with you to make this successful each year. If you have any questions or suggestions, please do not hesitate to submit them to TxHallofHonor@teex.tamu.edu.

Sincerely,

Gordon Lohmeyer
Division Director
