

ATTENTION INSPECTORS: YOUR EXPIRATION DATE HAS CHANGED

As promised and in response to overwhelming feedback from the Inspector community, the TSBPE has rolled out major changes to Inspector license expiration dates. All Inspectors will fall into one of the following two buckets:

If you hold a plumber license in addition to your Inspector License

Your Inspector License's expiration date has been changed to mirror the expiration date of your highest ranking plumbing license

If you do not hold a plumbing license of any kind

Your inspector License's expiration date has been changed to a randomly-selected month.*

**the earliest possible expiration date for those Inspectors who do not carry a plumber license is February 2022.*
