The \$27.5 million project began in March 2021. Construction includes the development of a cluster of five apartment buildings that house 65 one-bedroom apartment homes, 126 two-bedrooms apartments and 10 three-bedrooms apartments. Floorplans range from 650 to 1,300 square feet. In addition to the five apartment buildings, the community includes a 4,000-square-foot clubhouse, and amenities include a pool with cabanas, an outdoor fireplace and a grilling station.

“We are proud and excited to deliver this incredible new community in Chester for Schell Brothers,” said Breeden Construction President Brian Revere. “With meticulous attention to detail and unwavering dedication,

we proudly unveil this remarkable development, a true testament to our commitment to creating exceptional spaces that inspire and enrich lives.”

With offices in Richmond, Virginia Beach and Charlottesville, Breeden Construction is ranked by *Multi-Housing News* as one of the largest multifamily developers in the nation.

### **ABOUT BREEDEN CONSTRUCTION**

*Richmond, Virginia based Breeden Construction is a design and build general contracting company committed to construction excellence, creativity, and industry leadership. The firm has been providing general contracting services for The Breeden Company’s own portfolio for more than five decades. In that time, Breeden Construction has constructed over 25,000 multifamily units, over 2 million square feet of commercial, retail and mixed-use space, countless tenant improvements and up-fits, numerous residential subdivisions and 1,700 residential homes. In 2011, Breeden Construction opened services to third-party clients in need of its expertise in all phases of the design, building and development of multifamily, mixed-use communities, commercial office and retail properties and tenant up-fits. The vast capabilities of Breeden Construction have made them one of the most dynamic firms of its kind in the country.*
