ePayPolicy

CheckMate

CheckMate solves the pain of paper payments with rapid routing and reconciliation. Using CheckMate along with your ePay online payment page consolidates all your payments inside one dashboard. All of this with straightforward, **easy-to-understand pricing and industry expert support.**

Benefits

→ **Daily scheduled check collection, batching** ←

One dashboard for all payments

→ **Faster, consolidated collection** ←

API integrations with accounting systems

→ **Multi-site lockbox routing options** ←

How it Works

1
Route insured payments to CheckMate location(s)

2
CheckMate collects, batches and processes daily.

3
Transactions uploaded directly to your ePay dashboard and AMS*
*integration required
