

## Index of Advertisers Categories

Our publication features an Index of Advertisers section in which your company will be listed under the category of your choice with the page number of your ad. When our members are in the market for a specific product or service, they can search the Index of Advertisers and quickly locate advertisers that specialize in that category.

One free category is included with any size ad and additional categories are only \$20 each. *If your product or service is not listed below, a new category can be created for you.*
