FOR IMMEDIATE RELEASE

LOWER MAINLAND, B.C. - COAST DISTRIBUTORS (Nanaimo) LTD. -- Coast continues to GROW!

We are excited to announce a couple very positive moves to allow us to serve our lower mainland customers better.

Kevin Staller has been promoted to **Junior District Sales Manager** of the lower mainland territory and

Chris McCluskie has moved into part-time **Outside Sales** as well as keeping his hand in the warehouse operations in the lower mainland.

Kevin will work with and supervise Chris, Charles and Geoff to better serve the needs of our lower mainland customers as well as being involved in the lower mainland warehouse operations.

Chris will assist Kevin in his territory to start allowing Kevin time to take on his new challenges.

Chris' ultimate goal and challenge will be to create another full sales territory within the lower mainland by servicing existing customers better as well as sourcing new business in the lower mainland. Our entire lower mainland team is excited about the changes and are looking forward to the challenges ahead.

We congratulate and wish both **Kevin** and **Chris** well in their new positions!

Established in 1986, Coast Distributors had humble beginnings in founder Alex Guy's back yard garage. His vision was: to become the first choice hardware and building supply distributor for Vancouver Island and eventually all of British Columbia.

Coast Distributors continues to base its reputation on good old-fashioned customer service and product knowledge. Coast has now grown to be known as Western Canada's largest independent two-step hardware and building supply distributor servicing B.C. and northern Alberta. When it comes to hardware, Coast pride's itself on being a one-stop, full line wholesale hardlines distributor, based in B.C. and proudly Canadian. Alex's vision really has come to fruition. We have a team of 11 professional sales reps who represent over 250 years of combined hardware experience, with four warehouse locations and we have been around for over 30 years!

With today's announcement we are hoping to ensure we are around for another 30+ years!
